C. H. S. SHOWS
LITTLE GAIN IN
SPORT RECORD

Only in Football Is Improvement Shown This Year Over 1920 and '21 Season.

BAD WEATHER HINDERED
Coach Forrester Says Next Year Will Be a Great Year in Athletics for Kewpies.

Athletics at Columbia High School during the school year just closing were little superior to that of the previous season. The records show that only in football was there a marked improvement. Lack of material, inclement weather and the absence of sufficient equipment all combined to hinder the turning out of successful teams.

In the 1920-21 football season, the Kewpies massed a total of 162 points to their opponents' 67. They won four games, tied three and lost two. This year they won six games and lost only one, making 113 points to their opponents' 25. The eleven laid claim to the Central Missouri championship—their claim resulting in a recognized tie with Mexico for the honors.

On the basketball court the Kewpies have had two poor years in succession. Last year they won five games and lost ten while this year they won four and lost seven. Their opponents made 452 points to their 340 in 1920-21, while this year their opponents made 360 to their 268. The quintet entered the state tournament this year but was eliminated in the opening round by Northwestern High School of Kansas City. They were defeated by the same team in the tournament last year.

The inclement weather destroyed all track prospects and resulted in the cancellation of several dual meets. The team entered the State Interscholastic Meet but failed to place.

The school did not have a baseball team last year. This season one was organized, but was unable to secure a schedule. Two games were played with the Hallsville High School, the Kewpies winning both contests: 15-4, and 17-7. A twin bill was divided with the Ashland High School. The Kewpies won the first game, 4 to 3, but lost the second, 5 to 13.

"Next year should be a great year for the athletics at the high school," said T. E. ("Shorty") Forrester, athletic coach. "With letter men back in all major sports the Kewpies should have championship football, basketball and track teams."

KANSAS PLAYS
BENGALS HERE

Tiger and Jayhawk Will Cross Bats Today and Tomorrow.

With the High School Day track meet over and the Missouri track team leaving for the meet at Oklahoma tomorrow, the eyes of all lovers of sport will be turned to the baseball diamond at Rollins Field, where the Tigers will cross bats with the Jayhawkers today and tomorrow.

If Missouri wins these two games with Kansas the Tigers will be in second place and if Washington University should drop two games to the Bengals here next week, Missouri would step into first place. There are only six more conference games scheduled but this is enough for Missouri to win the championship if the Tigers have good luck.

The Tiger line-up was changed slightly today when Missouri took the field. Paul Quick, regular Tiger third baseman, was injured and will be out of the game for the rest of the season. It was expected Denny would be brought

in from right field to play shortstop and "Bus" Williams, shortstop, who has returned from Kansas City, would play third base. Williams, however, will leave Sunday for Kansas City and will not be back to finish the season. Bunker has returned to the team and is working behind the bat, showing up creditably as a catcher.

According to Coach Jerry Jones, the game today is the turning point in the Tigers' schedule. He planned to use both Ficklin and Harrison, if necessary, in an effort to stop Kansas. If both of these pitchers are used in the first game, Packwood will probably pitch Saturday's game.

Kansas was expected to start Bloomer, their star slaban and captain of the team. He is the man that beat Missouri at Lawrence last week. Incidentally, Kansas has seven letter men on its regular team this year.

The baseball field is in excellent condition. Cahill, a former Southern League umpire from St. Louis, will handle the indicator in both the games. The line-up and batting order of the Missouri team for today was announced as follows:

Taylor, 2b; Williams, 3b; Lowrance, c. i.; Murphy, c.; O'Reilly, lf.; Denny, ss.; Hays, 1b.; Marsalek or Roberts, rf.; Ficklin or Harrison, p.

MISSOURI HAS
BEST TEN-MAN
PISTOL TEAM

University Squad Defeated Nine Leading Colleges in United States Last Year.

W. C. DUNCKEL COACH
Article in Army and Navy Journal Comments Favorably on M. U. Marksmen.

From the Army and Navy Journal.
The Field Artillery unit, R. O. T. C., of the University of Missouri, has again come to the front as possessing the best ten-man pistol team of any college or university in America. In fact, it is possible that this team, composed of cadets from all parts of the state, could give a good account of itself any team in the regular service.

Last year, coached by Capt. J. P. Kelly, F. A., the Field Artillery unit team defeated teams representing the following colleges and universities: Yale, Harvard, Cornell, United States Military Academy, Ames, Leland Stanford, Oklahoma, Oregon Agricultural, Alabama Polytechnic Institute, Ohio State, Purdue, Texas A. and M., Culver, Chicago, Illinois, Princeton, Colorado Agricultural, Virginia Military Institute and Utah.

This year, under the coaching of Capt. W. C. Dunkel, F. A., the team has repeated its performance, winning all matches with the nine leading college teams and again defeating the United States Military Academy.

The course fired, with few exceptions, is as follows: One score at 50 yards, slow fire; one score at 15 yards, rapid fire; one score at 25 yards rapid fire, and two scores at 25 yards slow fire. Against West Point the course was the prescribed record course less the quick fire. The result of the above matches are as follows:

Opponent	Opponent's score	Missouri's Possible score
Princeton	2,629	3,073
Ala. Poly.	2,970	3,115
Wisconsin	1,230	1,311
Tex. A. & M.	2,718	3,132
Oregon Agri.	3,042	3,132
Oklahoma	2,657	3,073
Cornell	3,118	3,132
Leland Stan.	2,760	3,132
Ames	2,444	3,132
U. S. M. A.	3,700	3,733

From the squad of twenty-two cadets, most of whom had never fired a pistol before the fall of 1921, sixteen experts and five sharpshooters were qualified. Twelve of the cadets receiving expert qualification fired and average of 90 per cent or better, five of the twelve going above 94 per cent, while one, Cadet Sgt. George B. Long of West Line, Mo., a sophomore in the College of Agriculture, completed the record course with an average of 95 per cent.

In this performance Sergeant Long defeated the inter-collegiate champion, Cadet Lieut. Jerome R. Wollman of Jefferson City, Mo., who has proved himself equal to some of the best pistol shots in the regular service and who seldom falls below 93 per cent at any range.

The Missouri team fires an hour every day through the winter and spring on an outdoor range, as no armory is furnished.

Marksmanship is becoming popular among the students at the University of Missouri, which, in addition to its champion pistol team, has also an excellent rifle team coached by Major Joseph Plasmeier, Cavalry, and a woman's rifle team coached by Capt. J. P. Lake, Infantry.

FOR OKLAHOMA

Hamilton Entered in Only Three Events—Sixteen Men Make Trip.

The Tiger track team left today at 12:50 on the M. K. & T. for Norman, Okla., where they will meet the Sooner track team in a dual meet Saturday afternoon.

"Ham" Hamilton, captain of the Tigers, will be entered in only three events, the discus, shot-put, and javelin. An injury received in the Drake Relay Meet will keep him out of the pole vault and high jump. John Knight, who is sick in the hospital with tonsillitis, will not be able to make the trip.

The following men will make the trip: Coach Bob Simpson, Capt. Hamilton, Burrill, Simons, Evans, Schaeberly, Ruck, Utz, Maxwell, Trowbridge, Poage, Houston, Pittinger, Bunker, Ogle, Waddell and Sinz.

PHI DELTA THETA LOSES
Errors Numerous in 15-12 Beta Victory Yesterday.

The Phi Delta Theta fraternity lost a baseball game to the Beta Theta Pi fraternity yesterday by three runs. Home runs and errors on the part of both teams featured the game.
